Why is classical Christian education vitally important to your child's academic success? Here are but a few reasons:

- We teach students to perform at their best, not to an average standard set for all students.
- We teach students to appreciate what is true, good, and beautiful per Scripture. We do not teach students that any moral opinion is acceptable.
- Our goal is for students to gain wisdom, not "answers" for a standardized test. However, our graduates consistently achieve high scores on college placement exams.
- We do not simply teach a Bible class—Holy Scripture is at the core of every class.
- All of our subjects are interrelated—Bible, history, art, science, rhetoric, theology, logic, mathematics, foreign language, etc. They work together to achieve a complete and balanced model.
- Our teaching methods are consistent and have been proven successful for over two centuries.

## Who We Are...

- Multi-Denominational Christian
  - We teach the beliefs we have in common—the *Sola Scriptura*. We employ staff from many denominations including: Lutheran, Presbyterian, Anglican, Baptist, Evangelical Free, non-denominational, and others. We are not affiliated with a church.
- Kindergarten Through 12th Grade
- Co-Educational
- College Preparatory
- Extracurricular Activities: scouting, chess, debate, volleyball, rifle club, drama, and more.
